

Voici mon fichier de pré-lecture pour l'instant:

- d'autres fiches vont venir s'intercaler mais surtout à la suite de celles-ci,
- Certaines fiches sont en noir et blanc car j'ai préféré colorier les images à la main que vider des cartouches (suis désolée)
- Les fiches sont partagées entre la conscience phonologique et la discrimination visuelle: reconnaissance des mots, lettres....

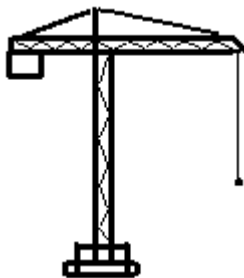

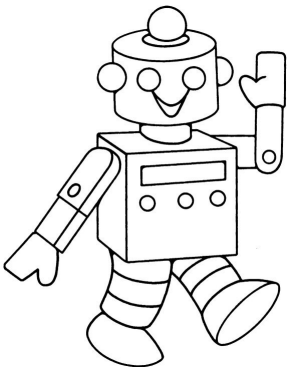

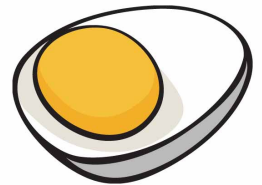

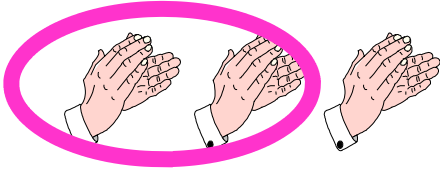

Fichier de

lecture

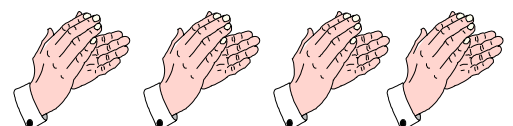

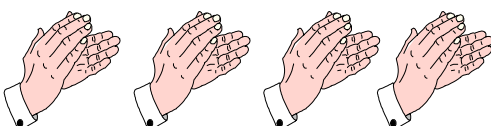

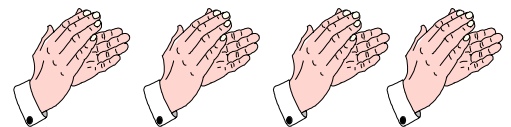

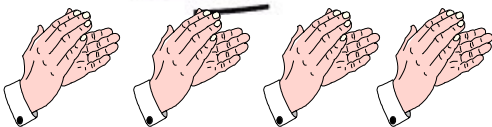

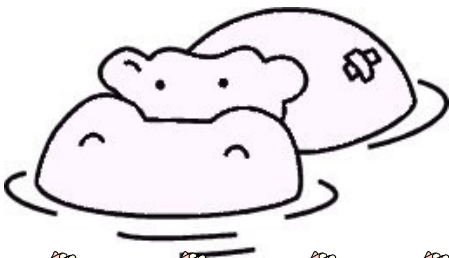

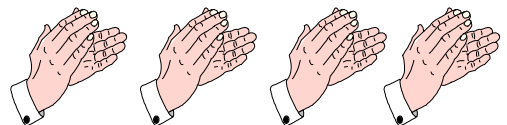

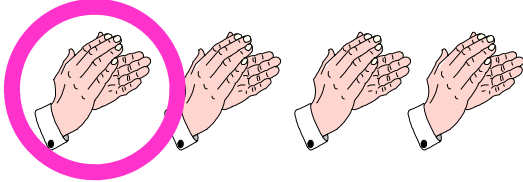

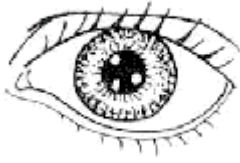

GS

Entoure combien de fois tu tapes dans les mains en disant ces mots.

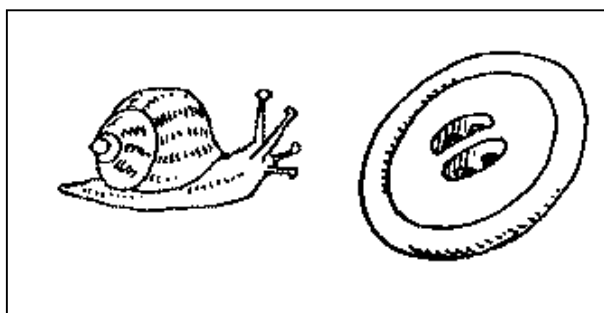

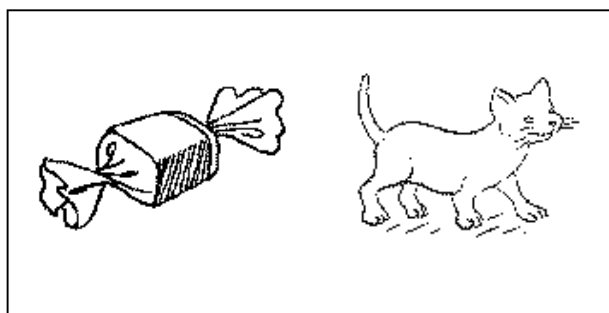

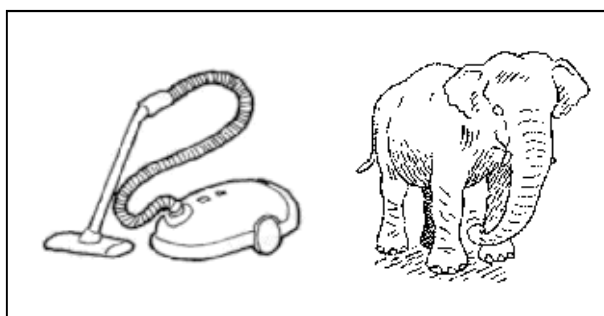

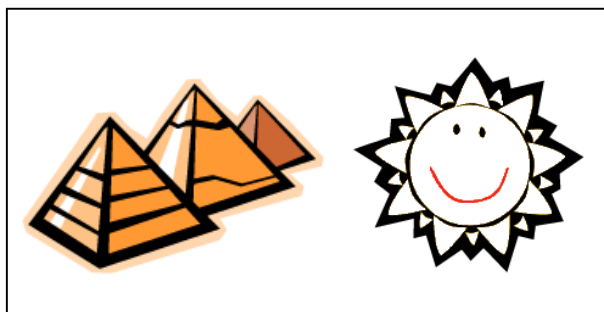

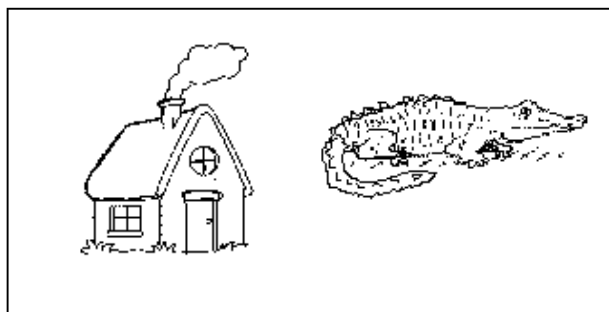

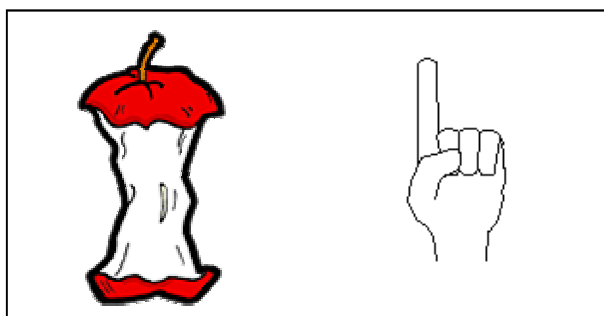

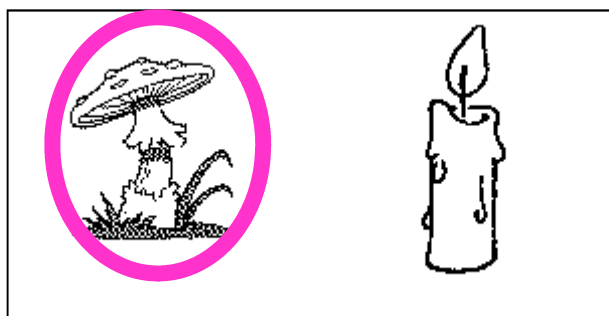

Entoure combien de fois tu tapes dans les mains en disant ces mots.

2
